PROFILE

I am keen to fulfil my aspirations of becoming a software developer and pivot my career into information technology for which I have finished my bachelor's degree in information technology in 2021. As an accomplished Retail Branch manager my management skills and sales experience will be of great value to my future employer. The ideal opportunity would be where I can leverage my interaction skills, operational experience, and positive attitude. It will also provide me with the opportunity to enhance my creativity and acquire new skills that will complement the knowledge and skills I have already acquired through my degree and current work experience.

EMPLOYMENT HISTORY

Freelance Web Developer / Systems Administrator at DPTS pty ltd, International
November 2020 — December 2022

I am leading a web development team that build dynamic websites and ecommerce stores for international clients of DPTS. This includes migration of code and parameters to the quality assurance and production environments. Also, I am further responsible for the administration and support of the cloud hosted environments on Microsoft Azure for DPTS and its' clients for use as web and back-office servers for the e-commerce and CRM applications. This experience has allowed me to gain hands-on experience to complement the theoretical knowledge obtained as I completed my three-year bachelor's degree in information technology.
